VII. CALCULATION OF PERMIT COST

The total cost of the improvement provides for the basis for the fee schedules. The cost of the improvement will be based on the latest version of the ICC's Building Valuation Data Table and will be calculated for you at the time you submit this application. In addition, the applicant may be required to provide a copy of a signed contract to verify the cost of the project. Pre-manufactured unit fees are based on 50% of the normal on-site construction permit fees.

When submittal documents are required by the MI Building Code (Current Edition), a plan review fee shall be paid at the time of submitting the said documents for plan review. Said plan review fee shall be sixty-five percent (65%) of the building permit fee as shown below. The plan review fees specified in this section are separate fees from the permit fees specified in said code and are in addition to the permit fees. When submittal documents are incomplete or changed so as to require additional plan review or when the project involves deferred submittal items as defined in said code, the Building Official has the authority to charge a \$47.00 per hour fee (or the total hourly cost to the jurisdiction, whichever is greatest) for plan review submittals which exceed the 1st review per trade.
