PUBLIC NOTICE

Halloween and trick-or-treating is not a Village sanctioned event, but rather a nationally recognized holiday that occurs on October 31st. Other than announcing the suggested trick-or-treating hours (always 5:00pm – 7:00pm) so that it keeps some sense of order with the increased amount of pedestrian traffic that evening, the Village has no further involvement. The Village has no legal authority or basis to cancel Halloween and trick-or-treating or to restrict the free movement of its residents. Participation in trick-or-treating is an individual parent decision; both by those who choose to allow their children to go door-to-door and those who choose to hand out candy.

All residents who participate, however, should adhere to any public health recommendations from the Saginaw County Health Department. Be safe and utilize common sense, such as: wear a mask (insert Halloween joke here); maintain social distancing if not in the same household; any household with a positive case of COVID-19 should not participate; any individuals with COVID-19 symptoms should not participate; and any other guidance from public health officials.

Please be smart and be safe!
