In the case of a proposal to amend the Zoning Ordinance text, the Planning Commission base their decision on the following findings. Please provide responses to the following questions (attach an additional page if needed):

1. Is the change necessary to clarify a provision of the ordinance?

2. Is the change necessary to correct a mistake in the ordinance?

3. Is the change necessary to implement a goal or policy of the Village Growth Management Plan?

4. Is the change necessary to improve administration of the ordinance or to better serve the community?

In addition to one (1) or more of the above findings, the Planning Commission must determine that the requested amendment is in compliance with the Village Growth Plan or that a mistake in the Plan, or changes in conditions or Village policy have occurred that are relevant to the request. If the Planning Commission recommends approval of a request that is not in compliance with the current plan due to a mistake or change in conditions or policy, it shall immediately initiate an amendment to the plan to address the identified mistake or change.
